1-3: I believe this just
close the loop re your
earlier internal call for
terminals to swap and is
consistent with the briefing
recently
provided to you

NOTE: Director of Information Technology
VIA: DD/OIT-0
FROM:
Chief, Engineering Services Group, OIT
SUBJECT: DO Terminal Requirements
REFERENCE: Your Memo, dtd 10 Feb 87, Same Subject

You should be aware that ESG is presently involved in an ongoing effort with the DO to swap Delta Data 8260 (OIT's) for IBM 3270 PC AT's (purchased by the DO in FY-86). We have been accepting requests from other OIT components who are interested in trading in their Delta Datas. We will have traded all of ESG's available Delta Data 8260 under this earlier effort that was targetting for 150 Delta Datas for the DO.
